

# St. Vincent de Paul Infant School

## COVID-19 Summary for Parents

---

This is a short summary of our full Response Plan for easy reference.

- |                                                                                                                                                                                                          |                                                                                                                                                                                                                                                                                                                            |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  School hours are staggered.                                                                                            |  The class will be cleaned daily. Toys will be disinfected regularly. Shared spaces will be cleaned throughout the course of the day and again at the end.                                                                              |
|  Drop off/pick up at zone allocated, maintaining 2m distance.                                                           |  Pupils must be kept home with <b>high temperature, cough, breathing difficulties or loss of taste or smell</b> . Pupils should also be kept home if generally unwell.                                                                  |
|  We urge parents to “drop and fly” in order to maintain 2m distance.                                                    |  Pupils should stay home for 14 days after returning from a country not on the green list.                                                                                                                                              |
|  Pupils are encouraged to walk or cycle to school.                                                                      |  If showing symptoms, pupil will be isolated and parents called. Parents will contact GP.                                                                                                                                               |
|  To pick up a child during school hours, please phone first.                                                            |  Physical distancing is not required for this age group. However, it is recommended that pods will be spaced 1m apart where possible and class bubbles will be kept separate from other classes as much as possible.                    |
|  There will be no access to the classroom for parents or visitors, bar exceptional circumstances.                       |  All pupils must source their own stationery ( <i>see booklist</i> ) which will be kept in school. Please label all items. There is no need for a school bag at this time. <u>Please only bring a lunch bag until further notice.</u> |
|  All staff will complete COVID induction training.                                                                     |  Pupils are not permitted to bring toys from home.                                                                                                                                                                                    |
|  All children will have one outdoor break a day. The times will be staggered and each class will have their own zone. |                                                                                                                                                                                                                                                                                                                            |
|  Staff will adhere to public health guidelines regarding PPE.                                                         |                                                                                                                                                                                                                                                                                                                            |
|  Pupils and staff will wash their hands regularly, using proper technique.                                            |                                                                                                                                                                                                                                                                                                                            |
|  Hand sanitiser dispensers will be installed in every room.                                                           |                                                                                                                                                                                                                                                                                                                            |
